Funeral Rites Held Here for Belle M. Owen

Companion Injured in Fatal Auto Accident

Funeral services were held Monday morning, Nov. 23, in Ripple Mortuary, for Mrs. Belle M. Owen of Sierra Madre who was fatally injured Nov. 18 in an automobile accident in Champaign, Ill. Mrs. Owens' death came eight weeks to the day after that of her husband, the late Harry Edward Owen, also of this city.

Seriously injured in the automobile accident was Mrs. Davida Dart, also 71, who had made her home in Sierra Madre with the Owens at 106 S. Hermosa, and who was traveling with Mrs. Owen. The two women had just visited Mrs. Owen's daughter, Mrs. Cecil Sharp, Spring Valley, Ill., and

were enroute to Florida. Mrs. Dart is reported to be in serious condition, due to injuries and her age, in Burnham City hospital in Champaign.

The Rev. Russell R. Robinson of the Holliston Avenue Methodist church in Pasadena officiated at the funeral services for Mrs. Owen. Entombment was in the Pasadena Mausoleum.

Mrs. Owen, who was active in the Woman's club here and in the Holliston Ave. church in Pasadena, is survived by a son, Winthrop H. Owen, Temple City; a daughter, Mrs. Cecil Sharp of Spring Valley, Ill.; a brother, Edwin Martin of Los Angeles; a sister, Mrs. J. R. Parker, Fullerton, and four grandchildren.

Mrs. Owen was a native of Santa Barbara, Calif. Her husband was a descendant of a pioneer California family of sheep and cattle ranchers for whom Owen's Valley was

sion held the line against advancing commercialism on W. Sierra Madre Blvd, in denying applications for a zone change or a variance to enable construction of a service station on the southeast corner of the boulevard and Michillinda Ave-

The action was taken following a second public hearing before the commission Nov. 19 on Raymond D. Andrews' request for permission to use that corner of his property for a service station.

After testimony for and against the proposed zone change, the commission denied both applications on the grounds the applicant failed to show that substantial damage would not be done to values surrounding properties or would not effect an undesirable change in the character of Sierra Madre, particularly that neighborhood.

Represented by Eaton Andrews was represented at the hearing by Attorney Noren Eaton who called on Donald H. Jackson, local business man, and Col. W. W. Gildersleeve, subdivider, broker and appraiser, to state their views. Jackn said failure to allow use of Sierra Madre Blvd. properties for uniform commercial purposes was holding down an invitation to additional business, that "spot zoning" on the boulevard had already depreciated residential property values and he felt the situation should have been corrected long ago by re-zoning to C-1.

"We are still existing under a C-1 land use zone established when Sierra Madre had a population of 4500. The commercial growth of the city is being restrained." he added.

W. E. Bowers Resigns as City Planner

The resignation of William E. Bowers as chairman of the City Planning commission and as a member of that body was accepted by the City council Tuesday night with "deep regret" and an expression of appreciation for his services.

In his letter to the council, making his resignation effective immediately, Bowers stated that it had been "a pleasure to work and serve with the commission," but that increasing personal business would not allow him to continue.

He had been appointed to the Planning commission by the council in 1951 to fill the unexpired term of Miss Sally Osgood. He was re-appointed to the commission in 1952 and in March of this year members of the commission appointed him chairman succeeding Mrs. Robert E. Wright.

Community Fund Goal Distant

As of late Tuesday the Sierra Madre Community Fund appeal for 1953 has achieved \$4660.33 of its \$7500 goal, according to David H. Allen, chairman. To this will be added approximately \$300 in donations as yet unaccounted.

House-to-house calls will be concluded this week. Allen reports, but volunteer workers and the Bank of Sierra Madre will continue to accept contributions until more of the vitally necessary budget requirements are met.

Allen emphasizes that persons wishing to contribute to just one or several of the member agencies-Boy Scouts, Girl Scouts, Family Service, YMCA, Community Nursery school, Camp Fire Girls, Toy Loan and Family Service-may designate their contribution accordingly.

"The fact that we are not achieving our goal in the hoped for time can be due only to the fact that our residents do not realize what these organizations accomplish in and for Sierra Madre," the chairman stated.

Col. Owen R. Marriott was matter of fact as he told a handful of people at a public meeting in City Hall about the awkward position in which he found himself as chairman for Sierra Madre's 1954 Rose Parade float-a float which he is now convinced no-one wants.

Lee Shippey spoke up easily: "Well, Colonel, it's been like this for 20 years or so about the float, hard to get the money. The town's a little spoiled, that's all. Such plans as Mrs. Bill Hawkins Jr. set forth in a recent letter to Lee Shippey, printed in the NEWS, could be worked out next year but are too late to help Colonel Marriott this Here's the Point

She probably hit the problem dead-center when she wrote: "I suggest that if people of the town were given something to say in just what the float would be, the response would be early and as enthusiastic as it is in other towns . . . The City council, in regular session Tuesday night, denied the Peterson Nursery school variance appeal, set Dec. 22 as the date for public hearing on the Raymond D. Andrews application for zone change and eferred to the City attorney a quest for building an addition to a non-conforming build-

ing in the No. 1 Fire Zone. The "Mama Pete" Nursery school variance granted recently by the Planning commission with a termination date of June 30, 1954, was protested by neighboring residents who, for the most part, have no objection to the school itself located at 71 Suffolk, but felt that a continuation of variances kept alive the possibilities of an eventual zone change in the area. This was brought out in lengthy testimony at a public hearing Nov. 10 on the appeal to the variance filed by five

neighboring residents. Planners' Action Upheld

In making the motion denying the appeal Councilman W. Murray Hawkins stated that in so doing the council was upholding the Planning commission's action but added that it was the sense of the council that no further such variances should be granted after July 1,

1954 After June 30 Mrs. Charles Peterson, who operates the school, must find another, suitably-zoned location unless she is successful in obtaining a zone change.

What Do You Think?

town on earth, but we could be better. One trouble is that no one, man or woman, has quite taken the place of the late Ida Lawless. Mrs. Lawless cheerfully lost money on our wistaria vine in order to make it a thing of beauty unmarred by commercialism.

Her Sunday night gatherings under the vine kept our intellectual and cultural life sparkling. She generously gave time, effort and money to make peo-ple everywhere think of Sierra Madre as a place in which the citizens were glad to sacrifice personal profit to nourish the finer things of life.

Colonel Calls Meeting Last Friday night Colonel Marriott called a town meeting to see if we want a Rose Parade float. Five citizens, plus two reporters, answered his urgent call. He couldn't understand it. The Chambers of Commerce of 20 other towns are praying our town will drop out, so one of them can take its place. Now that the number of floats is limited, any one of them could get a big crowd out to a meeting if their town had a chance

to take our town's place. They realize that a float seen by a couple of million persons, seen in pictures by 10,000,000 and on TV by 50,000,000 is a marvelous advertisement, not of our commerce but of our love of the beautiful, the artistic, the superior. Wherever Sierra

I think we have the grandest Madre is known, mention of it will always make someone remark: "What a lovely town." And the fact that our little city has won prizes over much bigger and richer towns year after year is one of the big reasons for that high repute.

Interest Lacking

Colonel Marriott thought every club, lodge, church and civic group would be eager to show interest in our float, and he was so dismayed by seeming lack of interest that he was on the point of giving up our place in the greatest beauty parade in the world-a place we could reclaim if we lost it. But Roll Lewis, Harold Roberts and others who have known our town a long time assured him that the people generally do want to see us represented in the parade. We're all interested-we merely want someone else to do the work and raise the money. In short, too many other people in our town are just as lezy as I am.

However, our float is more the concern of all the citizens than of any small group. Every one of us who wishes our town to hold the high place it has won in public esteem should chip in one dollar or two or five or ten, according to our abilities. We can do that if someone in every group will show a little of the unselfish, devoted leadership we used to get from the dear lady many of us used to call "Mrs. Flawless."

REDWOOD **WOVEN FENCE**

Redwood is the ideal wood for fences, because of its high resistance to decay, and its paint-holding quality or its warm beauty if left unpainted. Some admirable new fence patterns have been developed. In one, a horizontal Red-

Not only are we unlimited in our scape of diagnostic procedure and facilities, actually we use and interpret valuable information which is too frequently overlooked in standard medical diagnosis. Surely it calls for men and women who can be classed as no less than "Class A Citizens" who are willing to serve on the City Council, the Planning Commission, the Volunteer Fire Department and in other official capacities WITHOUT COMPEN-SATION.

Those of you who are serving are giving, and those who preceded you gave, without reservation, of your time, your thought, your energy-and often of your personal resources—for the benefit of all the people of Sierra Madre.

You were not forced to take on this work. You were not driven by some dictator to assume the unpaid responsibilities which you assumed when you took office. In so doing you have exemplified some of the finest traditions in American history, dating back to the early days when the Selectmen and the Militiamen served their home towns as volunteers.

Playgroup for Children Started by 9 Mothers

Nine mothers in the Upper Ranch have organized a playgroup for their children. There are 16 children ranging from 1½ to 4 years in age that meet every Thursday in one of the mother's homes. To date the arrangement has worked very nicely. Since only three mothers are required to look after the children each week, every

mother can plan on three Thursday mornings a month to be free to do the things she would like to, without worrying about her children.

Those mothers availing themselves of the playgroup are Mrs. Ray Driemeyer, Mrs. Roger Anderson, Mrs. William Power, Mrs. Kenneth Millard, Mrs. Ben Wade, Mrs. George Yale, Mrs. Frank Brown, Mrs. Alton Pryor and Mrs. James B.

SUNDAY LESSON-SERMON DENOUNCES MESMERISM

That spiritual understanding releases mankind from the hypnotic suggestions of evil is explained in the Sunday lesson-sermon in all Christian Science churches. The subject is "Ancient and Modern Necronancy, alias Mesmerism and Hypnotism, Denounced."

Beloved, follow not that which is evil, but that which is good. He that doeth good is of God: but he that doeth evil hath not seen God." So reads the golden text (III John 1:11).

Named to Key Post in County **Dimes March**

Appointment of Russell R. Simmons, 521 Alta Vista Drive, Sierra Madre, to a key position in the coming fight against polio has been announced by C. R. West, general chairman of the Commerce and Industry division of the 1954 March of Dimes.

Simmons, assistant advertising manager of Sunkist Growers, will serve as division chairman in the Agriculture division and will oversee the solicitation of funds from business and industrial firms in his field on a county-wide basis.

Commenting on his appointment, Mr. Simmons stated: 'This year, with nation-wide field-tests to determine an effective polio vaccine scheduled to begin in the early months of 1954, I consider it a privilege rather than a duty to serve in the battle against poliomyelitis. This year, more than ever Commerce and Industry Division of the March of Dimes campaign carry a greater part of the combined effort in the annual fund-raising effort."

Simmons is a member of the University Club and Public Relations Counsellors of Southern California.

Kiwanis Club Hears Talk by 'Alley Cat'

Sierra Madre's newest and smallest organization, the Alley Cats, makes up in enthusiasm what it lacks in size. For the second time in recent weeks a representative of the hot rod club of teenage boys has addressed an older, larger group.

Alvin Jacobsen was guest speaker last week at the Kiwanis club luncheon-meeting and told the service group all about the boys' safe-driving standards, their needs for a shop or garage where they can work together on their prized cars and their desire for a "drag strip" closer than the Pomona Fair Grounds where they can have supervised competition.

Kiwanis speaker Tuesday was Dr. Arthur Howells, representative of the Pasadena Narcotics Commission and member of the Pasadena Kiwanis club. Combatting narcotics usage is one of the cur-rent goals of Kiwanis International. Dick Jenkins was the program chairman Tuesday.

Guests at last week's meet ing were Carl Wedberg of Monrovia and George Shirk of Altadena, Gary Rhodes, another member of the Alley Cats, also was a guest. Jacobsen told the Coordinating council about the Alley Cats club last month.

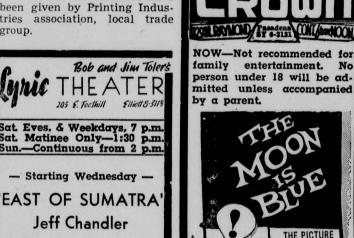

The club has a membership 12 boys and was organized a year and a half ago, affiliating with the Pasadena Hot Rod club.

REZONING DENIED

From page one "based on surrounding influences a C-1 zone was indicated

at that corner.' Speaking from the floor, alph Fletcher, 634 W. Sierra Madre Blvd., said he thought service station there was in line with "the natural march

Rex Marsh, 656 W. Sierra Madre Blvd., stated he thought a service station on the Andrews corner to be a natural to serve the Hastings area and coming opping development across hillinda.

Protesting property owners were represented by Attorney R. A. Keller of San Marino, who formally voiced protest on several technicalities and also, in effect, suggested that Sierra Madre apply the firm land use methods of San Marino. The commercial area there' is circumscribed and limited to dayto-day shopping needs, he noted, and has never been changed nor have residential lot sizes been changed, steadily increasing property values.

Former Mayor Speaks

Speaking in protest also were F. D. R. Moote, one-time mayor and chairman of the Planning commission who suggested that zoning should not be countenanced except in extreme cases -that a jump from R-1 to C-1 was not desirable. He added that in his opinion an "orderly, planned re-zoning" should be considered if necessary.

A letter from Jacob L. and Renee Freed, 661 Mariposa objecting to a zone change was read by Dr. David S. Wood, commission secretary. A petition protesting a change had been signed by a number of property owners, among them the Freeds, Patricia Wade, 673 Mariposa, Mr. and Mrs. Ralph Wilson, 685 Mariposa, Mr. and Mrs. M. C. Linder, 60 S. Michillinda, Mr. and Mrs. Moote, 689 W. Sierra Madre Blvd., and Mr. and Mrs. Albert

J. Barkman, 40 S. Michillinda. A number of others spoke in protest before Chairman William E. Bowers declared the hearing closed.

Meeting Dec. 3rd

During the proceedings L. W. Lisle of the Planning commission reminded Attorney Eaton that in his memory he (Eaton) had strongly and often singly opposed such zone changes during his service on the council and the Planning commission.

Eaton readily acknowledged this, stating that he was now seeking for his client the same latitude which he felt had been granted other successful applicants for spot zoning.

The commission has under study, it is reported, a proposed plan for rezoning a portion of West Sierra Madre Blvd. to a uniform C-1 Modified zone. A meeting with a planning consultant is scheduled for Dec. 3.

COUNCIL UPHOLDS

From page on he felt deviations from it should not be considered.

City Atty, T. Guy Cornyn was instructed to work with the building inspector to see if something could be worked out to make the remodeling plan conform by construction of a fire wall. Cornyn said: "These old buildings will never be made to conform if owners are permitted to add to them unless such a plan is worked out and the fire-hazard of the older

building minimized." Churchhill Road Drainage Also referred to the city attorney was City Engineer Frederick Pack's letter in reply to A. L. Suman's earlier communication regarding a drainage

condition on Churchhill Road. Pack acknowledged that a drainage problem exists in that area but said he felt the City was not obligated to correct it, stating that the City's obligation stopped with maintenance

of present improvements. He suggested that property owners proceed with corrective work at their own cost.
